

ABOUT US

CarFest SA is the largest car-themed educational festival in San Antonio, TX. The newly established “CareerFest” works in conjunction with CarFest, which is entering its 8th year and is a subsidiary of Community of Automotive Professionals (CAP). CareerFest is a hybrid career fair that connects graduating tech students to network and interview for jobs in the Automotive Industry and learn from guests about succeeding professionally within the industry. Participants receive a priceless experience and build long-term relationships for industry success.

CareerFest connects graduating tech students to network and interview for jobs in the Automotive Industry and learn from guests about succeeding professionally in the industry. Participants will receive a priceless experience and build long-term relationships for industry success.

Working alongside Young Life with the support of Southern Careers Institute “SCI”, we have selected a group of applicants to participate in the **Borderlands Invitational** that will participate in a one-of-a-kind opportunity to learn and obtain auto mechanic certification. The selected students will enter the SCI program, which includes educational and onsite training in the Automotive Industry. As part of the program, the students will receive tuition, required tools, housing, and continued mentorship from Young Life and the CarFest team.

We believe that where you start in life shouldn’t limit where you go. When someone has the ambition and the opportunity to succeed, seemingly impossible dreams can become a reality. The Borderlands Project comprises several key components designed to break down the barriers to education and provide more individuals with the opportunities to unlock their potential.

BENEFITS TO STUDENT

Tuition Paid

Applicants will have sponsored application fee + tuition paid at Southern Careers Institute
